THE BANNETT GROUP JOINS THE NATIONAL ASSOCIATION OF CHURCH DESIGN BUILDERS

FOR IMMEDIATE RELEASE

April 26, 2006

Cherry Hill, NJ – The Bennett Group, Ltd. has joined the National Association of Church Design-Builders (NACDB).

“The desire of the NACDB is to create and sustain an atmosphere where client needs meet supplier’s abilities as well as create a “best practices” environment through the use of the combined knowledge of industry experts. We believe that The Bennett Group aligns well with the mission and values of our association and that it will prove to be a very beneficial partner with the NACDB.” states Greg L. Barron, President of the NACDB.

As a member of the NACDB, The Bennett Group will have access to a network of design-build contractors, sharing technology and value engineering ideas. The NACDB becomes a source of information for future clients.

NACDB was established to create a nationwide association of firms committed to the practical application of biblical values resulting in their excellence as specialists in consulting, designing and building church facilities that focus on the ministry needs and styles of the churches they serve. In short, NACDB exists to educate local churches in evaluating their needs regarding buying, building, expanding, remodeling or leasing facilities that promote their ministry's mission, vision and values. Accordingly, the NACDB web site is designed to provide useful information for your church to accomplish these tasks. You can visit them online at www.nacdb.org.

The Bennett Group, based in Cherry Hill, NJ, is an integrated design-build, family-owned business, and currently has more than 40 projects underway in the region. They specialize in design-build services for religious, retail, commercial and medical projects. The Bennett Group can be reached by phone 856-751-8800, fax 856-751-7692 or web www.thebannettgroup.com.
